The prestigious 2015 International Accounting Bulletin Awards celebrate worldwide best practice in accounting and are based on individual excellence, innovative practices and commercial performance.

The judges of the IAB Awards recognised the great strides INPACT has made toward becoming a stronger global force over the past 12 months. It is now one of the largest international associations of accountancy firms in the world.

The judges also praised the significant progress it demonstrated toward its long-term goals, in particular global integration of its member firms.

Speaking about the awards, INPACT International President Lena Fiedler said:

“We are delighted to have won the IAB’s ‘Rising Star Association’ of the year. The award reflects the successful implementation of our long-term strategy and our commitment to providing innovative ways to support the needs of our member firms, whilst continuing to grow the Association.”

Commenting on the awards, INPACT International Executive Director Tendai White said:

“I am delighted that we have been recognised in these Awards. The Association is forging ever closer circles with its Members and we have a strong sense of shared purpose. This is translating itself into an innovative and supportive body that welcomes new members and fosters sharing of best practice.”

Speaking on the success of INPACT, Fernando González said:

“I am pleased for INPACT. The Alliance is a powerful mechanism for Members to share best practice and to provide cross-border advice and support to clients of member firms. Being a Member ensures that not only our firm benefits from the Alliance but also our clients.”
